

## Presence of Fragrance Allergens

This document replaces all previously produced versions for this product.

### 109289 H - LIMBWOOD 109289 H

This document declares the content of 26 fragrance allergens listed in “entries 45 and 67–92 of Annex III” and “entries 1666 and 1380 of Annex II” of Regulation (EC) No 1223/2009.

|  | Direct Addition | Indirect Nat | Indirect Synth | Total   |
|--|-----------------|--------------|----------------|---------|
| Alpha-Isomethyl-ionone<br>CAS# 127-51-5                  | -               | -            | -              | -       |
| Amyl Cinnamal<br>CAS# 122-40-7                           | -               | -            | -              | -       |

| Linalool<br>CAS# 78-70-6  | -               | -            | -              | -       |
| Methyl-2-Octynoate<br>CAS# 111-12-6   | -               | -            | -              | -       |

\*corresponds to the commercial quality, which includes the major isomer 4-(4-Hydroxy-4-methylpentyl)-3-cyclohexene-1-carboxaldehyde and the minor isomer 3-(4-Hydroxy-4-methylpentyl)-3-cyclohexene-1-carboxaldehyde.

These are calculated concentrations which do not replace chromatographic quantification on individual lots.  
 “-“ indicates that the substance is not analytically detectable < 1ppm. It could still arise as an impurity in added synthetics or natural ingredients at levels below 1ppm.
