Product Data Sheet

Product Name: JASMONEIGE™ (Methyl jasmonate)

References:

CAS 39924-52-2
 FEMA 3410
 FLAVIS 09.521
 METI 3-3839
 EC Number 254-705-5
 Kosher Certified

C₁₃H₂₀O₃

Specification:

Characteristic	Unit	Spec	Method of Analysis
Specific gravity (d 20/20)	—	1.018 - 1.029	Density meter
Refractive index (n 20/D)	—	1.471 - 1.477	Refractometer
Acid value	mg KOH/g	max. 2.00	KOH titration
Purity	GC %	min. 97.00	Gas Chromatography
Color (Hazen Number)	—	max. 50	Color-difference meter
Odor	—	Same as standard	—

Application: Flavor and fragrance ingredient
Appearance: Colorless to pale yellow liquid
Packaging: 5kg / 1kg / 0.1kg in an aluminum bottle, 50kg in a steel drum
Shelf Life: 2.5 years after the production date at or below 25°C unopened
Safety and storage condition:

For safety and handling, please refer to the appropriate SDS.
 Keep it stored at or below 25°C in a cool and dark place.
