

Safraleine[®]

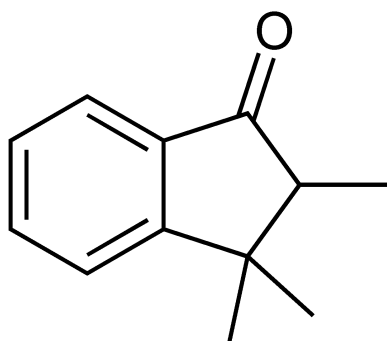

0015893

SPICY

Olfactive Note

Spicy, Leathery, Woody, Warm

Safraleine has a very unique warm and vibrant character offering a new alternative to existing spicy ingredients. Safraleine exhibits warm, powerful, leathery and tobacco facets but its complexity also reveals characteristics of spices reminiscent of natural saffron, enriched by rose ketone-like floral aspects.

Performance

Use level	0.1% - 3%
Tenacity on blotter	1 week
Burning effectiveness	Good
Substantivity Damp	Good
Substantivity Dry	Good
Bloom in soap	Good

Physico chemical properties

Formula	C ₁₂ H ₁₄ O
MW	174,2
CAS#	54440-17-4
Log Pow	2,9
Vapour pressure (20°C)	0.0120 hPa

Name 2,3,3-Trimethylindan-1-one

Stability

Base	pH	odour
Acid Cleaner	2	Moderate
Fabric Conditioner	3	Good
Antiperspirant	3.5	Poor
Shampoo	6	Good
APC	9	Good
Fabric Detergent Liquid	9	Good
Soap	10	Good
Powder Detergent	10.5	Good
Liquid Bleach	11	Poor
